

Not Enough Space? We can customize your Trapezoid Computer Table to fit your work area.

L77-024 Half Set-up

10 Year Warranty

CARMAC® Trapezoid Computer Tables Multi-Person Set-up

Includes 1" low pressure laminate top (good two sides) PVC edge that is both mechanically hammered and glued in place for extra durability. Five metal 16-gauge, 3" tubular post legs with adjustable levellers for maximum support. An optional centre cut out allows power poles to be positioned accordingly. Custom heights as well as a large assortment of colours (laminates, T-moulds, metals). Sliding keyboard trays also available. Shelf is a 30" x 60" trap set on 1-3/8" tubular legs. Height can be customized to your requirements either as a monitor shelf (7" to 10"), an overload printer or storage shelf 20" to 23" (7-1/2" is standard). Centre cut out cable access is again available.

Please specify colour: see below.
